

**SALT LAKE CITY CORPORATION
SALT LAKE CITY COUNCIL
NOTICE OF HEARING**

NOTICE IS HEREBY GIVEN THAT ON Tuesday, June 7, 2016 at 7:00 p.m. a public hearing will be held in Room 315, Council Chambers, City County Building, 451 South State, Salt Lake City, Utah, before the Salt Lake City Council to accept public comment regarding Street Lighting Enhanced Service Rate Study Findings: a study that examined the City's Street Special Assessment Area Lighting program and related annual assessments. In November 2015, the Council requested the Administration study more sustainable funding options for the Street Lighting Enterprise fund. Among other recommendations, the study recommends moving to a service fee for Enhanced Street Lighting that would appear on customer's monthly utility bills, in place of the current annual assessment. To establish a more sustainable way to provide enhanced street lighting services the Salt Lake City Council will be deliberating options. Actions may include: 1) Discontinuing the Street Lighting Special Assessment Areas Program (SAAs) and replace with Enhanced Street Lighting Program; 2) Adopt consultant recommendations to: a) Create three tier groups of enhanced service levels; b) Accelerate deferred capital replacements and upgrade standard electricity fixtures and bulbs with higher energy efficiency devices through the use of debt funding; c) Adopt a rate structure for the three tiers. The City & County Building is an accessible facility. People with disabilities may make requests for reasonable accommodation, which may include alternate formats, interpreters, and other auxiliary aids and services. Please make requests at least two business days in advance. To make a request, please contact the City Council Office at council.comments@slcgov.com, 801-535-7600, or relay service 711. (Q 15-5) (Q 15-6) (Q 15-7)
